

Vivid color printing that any business can afford

IBM Infoprint Color 1334

Highlights

- **Prints at up to 30 ppm monochrome and up to 8 ppm color¹, with 2400 image quality**
- **Offers affordable color laser printing with low cost of acquisition**
- **Optimizes office space with small footprint**
- **Provides Ethernet network-ready capability and full operating system support**

The IBM Infoprint® Color 1334 offers business users and small workgroups the fast black-and-white print capabilities they need and the vivid color they want for special documents. This powerful laser printer provides versatile, cost-effective support that is an excellent alternative to inkjet printing.

The power you need, the quality you want

The Infoprint Color 1334 features a powerful processor that can deliver simple and complex jobs quickly

and efficiently to minimize wait time. Fast first-page-out times (as fast as 13 seconds for monochrome and 19 seconds for color) and high-speed printing (up to 30 ppm for monochrome and 8 ppm for color)¹ can help sustain productivity day in and day out. With 2400 image quality, you can produce crisp, colorful business graphics that help you communicate clearly.

Affordable color capabilities

With its low acquisition cost, the Infoprint Color 1334 offers an easy way to obtain color when you need it without sacrificing speed for black-and-white printing. In addition, high-yield toner cartridges help extend the time between supply replacement, and a robust duty cycle supports small workgroups efficiently and reliably.

Built for business

The Infoprint Color 1334 includes MarkVision network management software to simplify set up and use, and it supports popular operating systems. Plus, this compact printer fits almost anywhere to optimize valuable office space. Add the optional paper drawer or duplex capability, and boost your business-ready status.

IBM Infoprint Color 1334 printer at a glance

Maximum speed (up to)¹	Print: 30 ppm black-and-white; 8 ppm color First-page-out: as fast as 19 seconds
Model	network
Technology/processor	Laser/500 MHz RISC
Maximum monthly usage²	35,000 pages
Print resolution	2400 image quality, automatic color correction
Memory (standard/max)	128 MB /320 MB
Paper handling	
Input capacity	250/780 sheets (std/max)
Input sources	1/2 (std/max)
Output capacity	250 sheets
PC interfaces (standard)	10/100BaseTX and USB
Printer attachments (optional)	
Internal	Ethernet 10/100BaseTX; Token Ring; Serial interface card, Parallel interface card,
External	Ethernet, Token Ring, Serial adapter, Wireless Ethernet (802.11b)
Application solutions	ImageQuick, Optra Forms, Bar code card, Encryption card
Physical characteristics	19.5" (W) x 16.5" (D) x 15.2" (H) 67 lbs (weight)
Toner yield³	1,500-page starter cartridge; 3,000/6,600 (CMY) and 6,000/10,000 (Black) page toner cartridge
Cost-saving features	Monochrome lock-down capability; optional duplex printing; three levels of toner saver
Warranty	One year, 9x5 next-day onsite repair (upgrades are available). For more information, visit: ibm.com/support/warranties/us

¹ Exact speed varies depending on document complexity, system configuration, software application, driver and printer state.

² IBM does not recommend printing this monthly maximum on a consistent basis.

³ Assumes 5% toner coverage per page. Toner yields are provided for planning purposes and are not a guarantee of minimum life; actual yields may vary.
