

Providing cost-effective, high-speed color printing solutions

IBM Infoprint Color 1357 and IBM M32 MFP Option

Highlights

- ***Prints in color or black and white at up to 28 pages per minute***
- ***Provides 2400 image quality and consistent color output***
- ***Offers simple maintenance features for ease of use***
- ***Supports large-format media up to 12 x 18" and banners up to 36" in length***

The Infoprint Color 1357 is a high-value workgroup printer that provides excellent color quality at print speeds of up to 28 color or monochrome pages per minute (ppm). Its wide-format capability is ideal for spreadsheets, financial statements and design applications. Also, it can produce black and white jobs at a cost per page comparable to most monochrome printers.

Enhancing productivity and quality

PCL 6 and PostScript® 3™ emulations are standard on the Infoprint Color 1357. A powerful processor and plenty of memory allow you to produce complex documents quickly and automatic toner patch sensing helps deliver superior print quality and consistent color output.

Providing simple, flexible features

Front-loading, high yield toner cartridges are easy to install, allowing the user to replace supplies without maintenance assistance. The Infoprint Color 1357 offers a variety of optional paper handling features, such as a 3000-sheet high-capacity feeder, auto duplexing, and a 1100-sheet finisher that includes stapling, hole-punch and job offset capabilities.

Leveraging your investment with multifunction capabilities

You can add full-function copy, fax and color network scan capabilities—as well as send documents via fax and e-mail—when you upgrade the Infoprint Color 1357 with the IBM M32 MFP Option. The M32 features an easy-to-use color touchscreen interface and enhanced image processing, and integrates easily with the Infoprint Color 1357 to help simplify demanding workflow requirements. An enterprise directory look-up feature enables quick e-mail and faxing activities.

The M32 provides monochrome and color single-pass duplex scan capabilities and can help increase productivity, improve processing times,

reduce costs and optimize device and space utilization. Optional document distribution software—that integrates into your workflow process—can help reduce manual tasks by automating complex document workflow activities, such as routing, indexing and archiving. And consolidated supplies for printing, copying and faxing can help reduce costs, user intervention and stock management.

Relying on world-class service

With IBM service, you receive high-quality, reliable support from experts with comprehensive knowledge of IBM printers, software and supplies. Next-day 9x5 and same-day 24x7 service offerings are available on all IBM printers in the U.S.

IBM Infoprint Color 1357 printer at a glance

Maximum speed (up to)¹	Print: 28 ppm, color or black and white	First-page-out time: as fast as 15 seconds
Technology/processor	Color dynamic LED/600 MHz RISC	
Maximum monthly usage²	100,000 pages	
Print resolution	2400 image quality, automatic color correction	
Memory (standard/max)	128/512 MB (base)	256/512 MB (n)
Paper handling		
Input capacity	650/5,300 sheets (std/max)	Input sources 2/6 (std/max)
Output capacity	650/1,650 sheets (std/max)	Output sources 2/3 (std/max)
PC interfaces (standard)	Parallel, USB, one internal solutions port (base); USB, 10/100BaseTX, one internal solutions port (n)	
Printer attachments (optional)		
Internal	Ethernet 10/100BaseTX; Ethernet 10BaseT/2; Token Ring; Fiberoptic SC; Fiberoptic MTRJ; Twinax/Coax adapter for SCS; Tri-port adapter (infrared, serial, Mac); Serial/Parallel interface card	
External	Ethernet 10/100BaseTX—1 port or 3 port; Ethernet 10/100BaseTX and 10Base2—1 port; Token Ring—3 port; Infrared adapter; Serial adapter	
Application solutions	Intelligent Printer Data Stream (IPDS) ³ , ImageQuick, Optra Forms , Bar code card	
Physical characteristics	27.4" (W) x 25.8" (D) x 20.2" (H)	177.1 lbs (weight)
Toner yield⁴	8,000-page starter cartridge; 14,000-page high-yield toner cartridge	
Cost-saving and environmental features	High-yield print cartridges; monochrome lock-down capability; optional duplex printing; three levels of toner saver	
Warranty	One year, 9x5 next-day onsite repair (upgrades are available).	

¹ Exact speed varies depending on document complexity, system configuration, software application, driver and printer state.

² IBM does not recommend printing this monthly maximum on a consistent basis.

³ Only monochrome output is supported.

⁴ Assumes 5% toner coverage per page. Toner yields are provided for planning purposes and are not a guarantee of minimum life; actual yields may vary.

IBM M32¹ MFP Option at a glance

Document handling

Automatic document feeder (capacity/max speed²) Up to: 50 sheets/34 ppm letter black
19 ppm letter color

Console type Touchscreen

Maximum scan size Ledger (11.7" x 17")

Input Duplex (single pass)

Scanning capabilities

Scan file formats JPEG, TIFF, PDF, PostScript

Type Color and monochrome

Maximum optical resolution 600 x 600 dpi

Scan destinations/archiving FTP server, workstation, e-mail

Fax capabilities

Maximum fax resolution 400 x 400 dpi

Modem speed 33.6 Kbps

Receive fax Yes

Send hard copy fax Platen or automatic document feeder

Send soft copy fax From PostScript print driver at workstation

Memory send Yes

Internal faxing (scan to FTP) Yes

Fax-server integration Biscom, Equisys, Omtool, RightFax

Physical characteristics³ 26" (W) x 27" (D) x 16.5" (H) 64 lbs (weight)

Warranty One year, next-day IBM onsite repair (upgrades are available).
